

Cognitive

Serene Innovations HD-40P

The HD-40P features 9 easy to use photo to memory buttons allowing the user to make calls without having to remember frequently dialed numbers.

Clarity Alto

The Alto features an oversized backlit keypad, 10 one-touch memory buttons, and powerful speaker phone. It also has a loud adjustable ring and talking keypad.

The Massachusetts Equipment Distribution Program (MassEDP) is a service that provides residents with a permanent disability access to the telephone network in their homes. By offering specialized telephones for free or at a reduced cost, depending on income, this program fosters independence, empowerment, and freedom of choice.

The Massachusetts State 911 Department, an agency within the Executive Office of Public Safety and Security, administers MassEDP as required by Massachusetts General Law, Chapter 223 of the Acts of 2008.

Funding for MassEDP is provided through a surcharge on all voice and data telephone lines and is identified on your bill as "911 and disability services." This surcharge funds Massachusetts enhanced 911 emergency and disability services, such as the Massachusetts Relay Service and the Specialized Telephone Equipment Program.

MassEDP is administered by the Massachusetts State 911 Department and was jointly developed by the Massachusetts Commission for the Deaf and Hard of Hearing, Massachusetts Commission for the Blind, Massachusetts Rehabilitation Commission, user community representatives, and the Massachusetts Department of Telecommunications and Cable.

To obtain an application or learn more about the program call a MassEDP Customer Service Representative:

800-300-5658 Voice/TTY

Monday – Friday, 8:30 am to 5:00 pm

Eligibility Requirements:

1. You must be a resident of Massachusetts and have access to residential telephone service.
2. You may be required to provide proof of your residential telephone service.
3. You need to mail your application to one of the disability commissions.
