

Together, we can reshape the future of community transportation.

For many of us, how we think about mobility—our access to it and our ability to pay for it—has helped define who we are as individuals, our place in the world around us, and as a society.

But what if we challenged ourselves to think about it differently? What if we planned to use transportation more efficiently? What if we asked ourselves not to feel that some forms of transportation are inferior to others and focused instead on using available resources wisely? What if stopping driving at a certain age did not necessarily mean losing your independence?

Through our Travel Counseling Center and Community Education Workshops, we're helping people think about transportation differently.

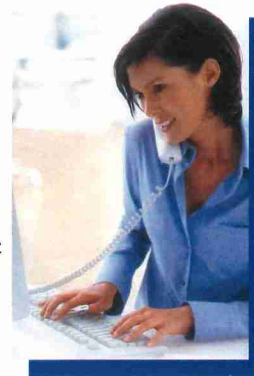

To learn more about this project or to request a presentation to a group in your community, call the Travel Counseling Center: 1.888.499.5324.

DECISION SUPPORT: A UNIQUE SOLUTION

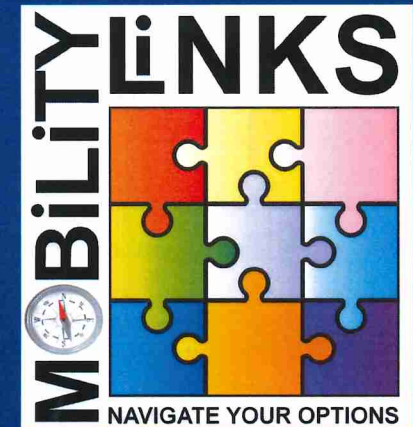

"Hi. My name is Frannie. I need to get from my sister's house in Lynn back to my house in Saugus next Tuesday after it's dark. I have macular degeneration and a service dog. My daughter used to drive me, but she now lives on the Cape. Can you help me?"

"Hi, Frannie. I'm a Mobility Links Travel Counselor and am here to offer you some options. I've identified four transportation services you can call. They all take clients at night, and can accommodate service animals. Here are their names and numbers...."

MobilityLinks is made possible through a grant from the Federal Transit Administration and is offered in conjunction with Greater North Shore *On the Move!*, a task force of the Aging and Disability Resource Consortium of the Greater North Shore that includes the Beverly Council on Aging, Elder Service Plan of the North Shore, Greater Lynn Senior Services, the Independent Living Center of the North Shore and Cape Ann, Mystic Valley Elder Services, North Shore Career Center, and North Shore Elder Services.

Need help navigating transportation options in your community?

CALL US.

WE'LL HELP YOU PUT THE PIECES TOGETHER.

Greater Lynn Senior Services

Mobility Links gives you the tools to remain active and independent by better understanding how to access, tap into, and wisely utilize the local transportation network.

What is the Travel Counseling Center?

The Travel Counseling Center is staffed by GLSS personnel, who maintain a database of transportation options available on the North Shore. Our friendly, reliable staff can help you explore and map all your transportation options, both public and private, free and for-fee services.

Who can call the Center?

Anyone of any age who needs information about transportation options can call.

Does it cost anything?

No. The call and information are free of charge.

How does it work?

You call the Center and speak with a trained Travel Counselor about your transportation needs. The Travel Counselor will provide you with information about available transportation options—including the cost, if any—that can meet your specific travel needs.

Who arranges the transportation?

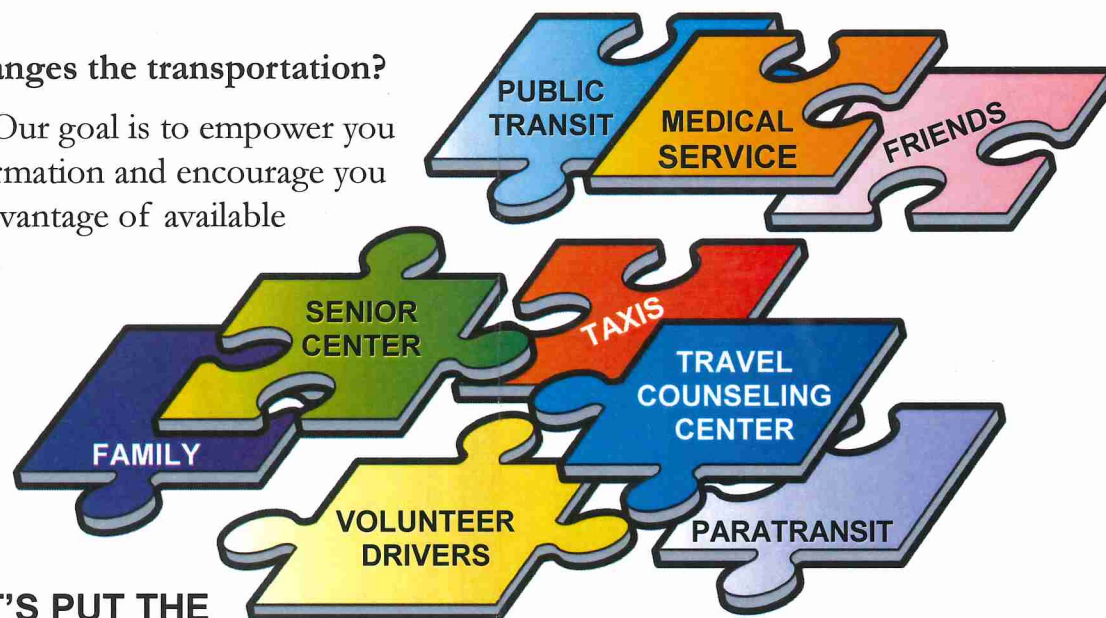

You do. Our goal is to empower you with information and encourage you to take advantage of available resources.

Why should I participate?

You can help us identify where gaps currently exist in the local transportation system.

How can I learn more?

Join us at upcoming community education workshops!

**LET'S PUT THE
PIECES TOGETHER.**

Some or all of these options may be available in your community.
