

# SNAP (Food Stamps) is at your local Farmers Market!

When you arrive at the market, find the Manager's or Information Booth. (If you have trouble locating the booth, just ask a vendor to point you in the right direction.) Tell the person at the Information Booth you would like to use your EBT card at the market and let them know how much you want to spend. The teller should be able to help you from there.

Additionally, a double value program allows SNAP participants to receive a **one for one match** for every dollar that they spend at a farmers' market, (limits may apply). This means that if you decide to spend \$10 at a participating farmers' market you will receive a bonus \$10. Over 20 farmers' markets in Massachusetts are now part of the double value program. See below listings or stop by your local market to find out if they participate...
