SCRAPBOOKING

The Peabody Council on Aging recently concluded a successful Scrapbooking Class instructed by Sheila McDaid. The class ran from the beginning of March through the end of April 2026 and provided participants with the opportunity to preserve treasured memories, photographs, and family history through creative scrapbooking projects.

Participants enjoyed learning new techniques, sharing stories, and creating meaningful keepsakes in a welcoming and social environment. Thank you to Sheila McDaid for leading this engaging and inspiring class for our community members.
